Father of Al-Ameen Movement **Late Dr. Mumtaz Ahmed Khan**

On 6th September, 1935, 'Allah willed' that a soul should be born in Tirchinapally to light the torch of education in Bengaluru and spread its radiance across the country. Indeed, 'it happened' through the birth of Mumtaz Ahmed Khan, who, lovingly came to be known as Doctor Sab to occupy his due place in the hearts of Bangaloreans later became Baba-e-Taleem to be reckoned with many luminaries in the realm of education. He envisaged education as the chief tool of character building vis-a-vsa nation building, which Almighty Allah fructified through AL-AMEEEN EDUCATIONAL MOVEMENT. He is the metaphor of how the thought of a single person can get transformed into a big envious educational movement, the people loved to be associated with the dare to take initiative, determination to realize the dream, efficiency to persuade people to perform, and cosmopolitan outlook to provide the fruits to the society puts him on the pedestal of leadership. His success story as the precursor of metaphoric AL-AMEEN EDUCATIONAL MOVEMENT will be narrated for and by the generations to come.

Mr. Umar Ismail Khan
Hon'ble Chairman,
Al-Ameen Educational Society

Mr. Zubair Anwar Sait
Hon'ble Secretary,
Al-Ameen Educational Society

Al-Ameen Arts, Science And Commerce College

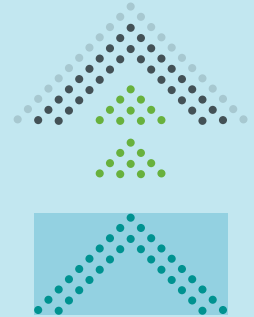

Established in 1968, Al-Ameen Arts, Science, and Commerce College is the flagship institution of the Al-Ameen Movement and has made a sustained contribution to the development of higher education in the region. The college is situated in the heart of the City, opposite Lalbagh Main Gate, Bengaluru. This central urban location enhances student engagement, academic collaboration, and community interaction.

The institution is affiliated with Dr. Manmohan Singh Bengaluru City University (formerly Bangalore City University) and has been reaccredited by the National Assessment and Accreditation Council (NAAC), reflecting its enduring commitment to academic quality, institutional integrity, and continuous improvement.

Over the decades, the college has developed a strong academic culture grounded in excellence in teaching, research and innovation. It has consistently upheld high academic standards, promoted interdisciplinary learning, and fostered intellectual growth, ethical values, and professional competence among its students. Consequently, the institution is widely recognized as a leading center of higher learning in Country.

Dr. Amjad Pasha
Principal

ABOUT US

Inspired by a Quranic verse-“RABBI ZIDNI ILMA” (Lord, give unto me more knowledge).Our Vision is to educate, emancipate and empower the unprivileged sections of the society with special consideration for the minority community, through inclusive, value-based, and quality higher education that fosters intellectual growth, social responsibility, and national development.

The mission of the college is to provide quality education that fosters intellectual growth, ethical values, and community engagement among students, thereby preparing them to contribute positively to society.

EARLY GOAL SETTING - "DREAM BIG" INITIATIVE

The "Dream Big" Initiative by Al-Ameen Educational Society empowers students to set clear goals early in their academic journey. Through structured mentoring, interactive sessions, and career guidance, students identify their strengths and align their aspirations with future opportunities.

A unique highlight of the program is mentorship by distinguished IAS/IRS officers and industry leaders, who provide real-world insights, motivation, and guidance. The initiative fosters confidence, clarity, and a purpose-driven approach, enabling students to aim high and achieve meaningful success.

ACHIEVERS

ACADEMIC EXCELLENCE - CENTUM SCORERS

The institution takes pride in its consistent record of academic excellence, with many students achieving centum (100/100) scores in various subjects. These outstanding results reflect the dedication of students, the guidance of experienced faculty, and the effective teaching-learning practices followed by the institution. Special support, mentoring, and revision programs are provided to help students excel academically. The achievement of centum scorers highlights the institution's commitment to high academic standards and overall student success.

Internships

Internships are an essential part of the academic curriculum, aimed at providing students with practical exposure and industry experience. The institution encourages students to undertake internships with reputed organizations, industries, and research institutions related to their field of study. Through the support of the Training and Placement Cell, students receive guidance in securing internships, resume building, and interview preparation. Many programs include mandatory internships, enabling students to work on real-time projects and develop professional skills, industry knowledge, and workplace confidence, thereby enhancing their employability and career readiness.

Memorandums of Understanding (MoUs)

The institution has established Memorandums of Understanding (MoUs) with reputed industries, organizations, and academic institutions like Reliance Foundation, Tech Mahindra Foundation, Infosys, Sambhav and MSME Govt. of Karnataka to enhance the quality of education and provide greater exposure to students. These collaborations facilitate internships, industrial visits, guest lectures, skill development programs, workshops, and collaborative research opportunities. Through these MoUs, students benefit from practical learning experiences, industry interaction, and access to modern technologies, helping them stay aligned with current trends and improve their employability.

Field Visits

Field visits are an important component of the academic program, designed to provide students with practical exposure beyond the classroom. The institution regularly organizes visits to industries, research centers, and relevant organizations to help students understand real-world applications of their subjects. These visits offer opportunities to observe professional practices, interact with experts, and gain insights into current industry trends. Field visits enhance experiential learning, bridge the gap between theory and practice, and contribute to the overall academic and professional development of students.

Placements

The institution has a dedicated Training and Placement Cell that actively works to provide excellent placement opportunities for students. Regular job drives are organized in collaboration with reputed companies, enabling students to showcase their skills and secure employment. The cell conducts training programs in aptitude, communication, and interview skills to prepare students for recruitment processes. Pre-placement talks, mock interviews, and career guidance sessions are also arranged to enhance student readiness. Through these initiatives, the institution strives to ensure successful placements and promising career opportunities for its students.

Al-Ameen Arts, Science And Commerce College

Infrastructure and Facilities

The 2.86-acre green campus is designed to promote sustainability while supporting academic excellence. It includes technology-integrated classrooms, modern science laboratories, a well-stocked library with e-resources, language labs, and exclusive computer labs for skill development. The eco-friendly infrastructure and responsible campus practices create a healthy, resource-efficient, and learner-friendly environment.

Computer Lab

Library

Student Council

The institution has an active Student Council that plays a vital role in representing student interests and fostering a vibrant campus environment. The council comprises elected student representatives who work in coordination with faculty to organize academic, cultural, and extracurricular activities. It provides a platform for students to develop leadership, teamwork, and organizational skills while encouraging active participation in institutional development. Through various initiatives and events, the Student Council promotes unity, responsibility, and a sense of belonging among students.

Sports

The college actively promotes sports and athletics, with students achieving recognition at inter-university and state levels. It offers well-maintained indoor and outdoor facilities for games such as Hockey, throwball, volleyball, badminton, and kabaddi, encouraging student participation, physical fitness, and holistic development.

Co-Curricular, Cultural and Literary Activities

The college actively promotes co-curricular, cultural, and literary activities to support students' holistic development. Cultural events such as face painting, mehndi, singing, skits, dance, and photography, along with literary activities like quizzes, recitations, podcasts, and debates, provide students with opportunities for creative expression, intellectual growth, and skill enhancement.

Leadership Programs

The institution provides comprehensive leadership development programmes aimed at shaping confident, ethical, and inspiring leaders. Through a combination of personality development sessions, communication skills training, and leadership workshops, students enhance their self-awareness, interpersonal abilities, and professional competence. These initiatives prepare students to lead with integrity and effectiveness in diverse academic, social, and professional settings.

Al-Ameen Arts, Science And
Commerce College

National Service Scheme (NSS)

The institution actively promotes social responsibility through its National Service Scheme (NSS) unit, encouraging students to participate in community service and nation-building activities. NSS provides a platform for students to engage in various initiatives such as cleanliness drives, health awareness programs, blood donation camps, environmental conservation, and rural development activities. Through regular camps and outreach programs, students develop a sense of civic responsibility, leadership, and teamwork. Participation in NSS helps in shaping socially conscious individuals committed to the welfare of society.

National Cadet Corps (NCC)

The institution offers the National Cadet Corps (NCC) program to instill discipline, leadership, and a spirit of patriotism among students. NCC provides structured training in areas such as drill, physical fitness, weapon handling, and adventure activities under the guidance of trained officers. Cadets get opportunities to participate in camps, parades, and national-level events, enhancing their confidence and organizational skills. The program also encourages community service and social responsibility, preparing students for careers in the armed forces and developing them into responsible and dedicated citizens.

Faculty Development Programs (FDPs)

The institution regularly organizes Faculty Development Programs (FDPs) to enhance the teaching, research, and professional skills of its faculty members. These programs include workshops, seminars, training sessions, and expert lectures on emerging trends, innovative teaching methodologies, and advanced research techniques. FDPs provide a platform for faculty to update their knowledge, exchange ideas, and adopt modern educational practices. Through continuous learning and development, the institution ensures high-quality education and academic excellence for students.

Research and Development Committee

The institution has a dedicated Research and Development Committee that promotes a strong research culture among faculty and students. The committee encourages innovative research activities, supports project work, and facilitates participation in seminars, conferences, and workshops. It provides guidance for publishing research papers in reputed journals and fosters collaboration with industries and academic institutions to undertake interdisciplinary research. Through these initiatives, the institution aims to enhance academic excellence and contribute to knowledge creation and societal development.

Why choose Al-Ameen College?

- ✓ Balanced Academic & Career Focus – Strong foundation with practical exposure
- ✓ Skill-Based & Placement-Oriented Training – Internships, industry visits and employability skills
- ✓ Vibrant Campus Life – Active cultural, sports, NSS and NCC opportunities
- ✓ Leadership & Social Responsibility – Holistic personality development
- ✓ Dedicated Mentorship System – Academic, career and personal guidance
- ✓ Industry-Relevant Curriculum – Preparing students for jobs and higher studies
- ✓ Inclusive & Supportive Environment – Student-centric learning culture
- ✓ Strategic Location in Bengaluru – Exposure to industry, startups and opportunities
