About Al-Ameen Educational Society

Established in 1966, Al-Ameen Educational Society was founded to provide educational opportunities for minorities. Under the visionary leadership of Dr. Mumtaz Ahmed Khan, The Al-Ameen Movement focused on education, banking and healthcare sectors. Through the dedicated efforts of committed workers, the society has grown to include nearly 200 branches and 135 institutions across Karnataka.

About Al-Ameen Arts, Science and Commerce College (AASCC)

AASCC is a reputed institution dedicated to excellence in higher education. Founded by Dr. Mumtaz Ahmed Khan, the institution functions today under the leadership of Mr. Umar Ismail Khan (Chairman) and Mr. Zubair Anwar Sait (Hon. Secretary). The college offers diverse undergraduate and postgraduate programs across Arts, Science and Commerce fostering innovation, inclusivity, academic excellence and holistic development.

Internal Quality Assurance Cell

The Internal Quality Assurance Cell (IQAC) of Al-Ameen Arts, Science and Commerce College ensures continuous improvement in academic and administrative performance in accordance with the guidelines of the National Assessment and Accreditation Council. The mission of IQAC is to promote a culture of quality and excellence in teaching, learning, and research. Its key objectives include enhancing academic and administrative standards through regular monitoring and feedback, and encouraging innovative practices for continuous institutional development.

Research and Development Committee

The Research and Development Committee of Al-Ameen Arts, Science and Commerce College promotes a research-oriented environment among faculty and students. Its mission is to encourage innovation and academic excellence through active research. The committee aims to enhance research activities by motivating participation in seminars, conferences, and publications, and by supporting interdisciplinary and innovative projects for overall institutional development.

About the Webinar

The conference organized by Al-Ameen Arts, Science and Commerce College, Bengaluru, in collaboration with the Internal Quality Assurance Cell (IQAC), Research and Development (R&D) Cell and Student Council is a one-day virtual national conference scheduled for 9th May 2026. It is based on the theme “Shaping for Future : Emerging Trends in Languages, Science, Commerce and Humanities” aiming to bring together students, researchers, academicians and industry professionals from across the country. The main objective of the conference is to promote interdisciplinary research, encourage innovation and provide a platform for knowledge sharing on contemporary issues and future developments. It focuses on exploring how emerging technologies like Artificial Intelligence, Biotechnology and renewable energy are transforming various fields while also highlighting the importance of skills required for future professionals. Participants can present research papers in diverse areas such as languages, commerce, physical sciences, biological sciences and humanities. The conference also emphasizes Academic excellence, cultural preservation and research-driven solutions to global challenges, offering opportunities for publication, networking and intellectual growth.

GUIDING QUESTIONS

1. How are emerging technologies reshaping interdisciplinary research?
2. What is the future of biotechnology, artificial intelligence, and renewable energy?
3. What skills will future professionals need in an interdisciplinary and literacy-driven world?
4. How can educational institutions adapt to emerging trends for a resilient future?

LEARNING OUTCOMES

1. Preservation of linguistic diversity and cultural heritage in the digital era
2. Promotion of research-driven solutions to national and global challenges
