

# SCIENCE FAIR WITH POSTER PRESENTATIONS ON RECENT DEVELOPMENTS IN PHYSICS

A one day Science Fair was organized on April 2018 by the Science departments in which students of B.Sc., gave Poster presentations on recent developments in Physics like Li Fi, Quantum Teleportation, Black holes, Nuclear Medicine, Quantum Dot, Global Warming, Atomic and Molecular Spectra, Sensors, Solar and non-conventional energy resources etc., to mention a few.

The student's poster presentations were also video graphed for the web page of our college.
